

Port Meadow Walk

Thu 24th June 2-3pm
Meet at the Bathing Place Car Park

With renowned local botanist Dr Alison McDonald

We will meet in the Bathing Place on Thursday, 24th June at 2.00 pm. It is next to (south of) the car park away from the cars. As we walk along we will stop to look at the wild flowers growing in a dry area. Another stop will be to look at the plants in a wetter place. In between we will think about the past from the 1917 Airfield to the Bronze Age burial places.
